

## ВАРИАНТ 1

- 1** Task 1. Imagine that you are preparing a project with your friend. You have found some interesting material for the presentation and you want to read this text to your friend. You have 1.5 minutes to read the text silently, then be ready to read it out aloud. You will not have more than 1.5 minutes to read it.

Going green is more than just a modern trend. It should become a habit, a lifestyle or a way of life. It may be difficult to start it as it forces us to make important changes in our activities, but you don't have to do it at once. Begin by making little changes here and there, and soon you'll find yourself having a satisfying desire to change even more. Everyone seems to have got their start on being eco-friendly — from individuals to companies. More and more businesses are using wind or solar energy to power their daily activities.

Still some people don't understand that our ways have a large impact on the environment — be it positive or negative. We have to change our lifestyle to be more eco-friendly. Less use of paper products means less trees to cut down. Switching from commercial to homemade and natural cleaning products reduces the use of harmful materials. In fact, the first step to changing bad habits is through accepting that you have them.

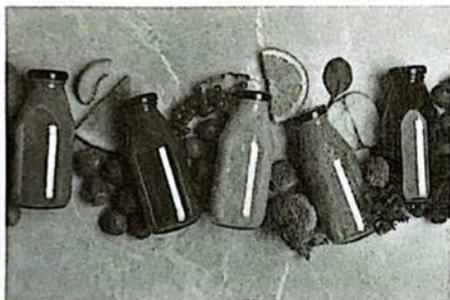

- 2** Task 2. Study the advertisement.

- 4** Task 4. Imagine that you and your friend are doing a school project "Beverages". You have found some photos to illustrate it but for technical reasons you cannot send them now. Leave a voice message to your friend explaining your choice of the photos and sharing some ideas about the project. In 2.5 minutes be ready to:

- explain the choice of the illustrations for the project by briefly describing them and noting the differences;
- mention the advantages (1–2) of the two types of beverages;
- mention the disadvantages (1–2) of the two types of beverages;
- express your opinion on the subject of the project — say which type of beverages presented in the pictures you prefer and why.

You will speak for not more than 3 minutes (12–15 sentences). You have to talk continuously.

Try a new sport in our sports camp!
